Dear [REDACTED]

I am writing to you from a New York based documentary production company. We are currently making a show called *Journalists Killed in the Line of Duty* for Trio a new cable network. One of our stories is Daniel Pearl, and due to new developments we would really like to get photographs of [REDACTED]

Would you be able to email me J-peg photographs? We have a fine cut due on Friday, so I would really appreciate any help you could give me before that time. I have looked on your website but unfortunately the size of the images are too small to edit with.

My email is [REDACTED]@com

My direct line is: [REDACTED]

Thank you in advance for your help.

Kind regards,

b6
